#### **Independent Auditors' Report**

Board of Trustees Catholic Near East Welfare Association:

We have audited the accompanying consolidated statement of financial position of Catholic Near East Welfare Association (CNEWA) as of December 31, 2008, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended. These consolidated financial statements are the responsibility of CNEWA's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. The prior year summarized comparative information has been derived from CNEWA's 2007 financial statements and, in our report dated May 29, 2008, we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CNEWA's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Catholic Near East Welfare Association as of December 31, 2008, and the changes in its net assets and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

# (1) Description of Organization

Catholic Near East Welfare Association (CNEWA) is a special agency of the Holy See established to support the pastoral mission and institutions of the Catholic churches of the East and to provide humanitarian and pastoral assistance to the needy and afflicted without regard to nationality, race, or religion. It also has been entrusted by the Holy Father with responsibility for promoting the union of the Catholic and Orthodox churches and for fostering interreligious dialogue.

Although one corporate entity according to the canon law of the Catholic Church, CNEWA is also organized into as many related civil corporations as appropriate or as may be required by the law of the various countries in which it conducts its operations. The financial statements reflect the consolidated accounts of the following related civil corporations:

- Catholic Near East Welfare Association. CNEWA is incorporated under the provisions of Article 2 of the Religious Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code) and is not a private foundation as described in Section 509(a) of the Code. Its financial statements include the accounts of its central office in Rome, its administrative headquarters office in New York, and its regional offices in Addis Ababa, Amman, Asmara, Beirut, Ernakulam, and Jerusalem.
- CNEWA Canada. CNEWA Canada is incorporated under the provisions of Part II of the Canada Corporations Act, R.S.C. 1970, Chapter C-32, as amended. It has been determined by the Canada Customs and Revenue Agency that CNEWA Canada is a charitable organization as set out under subsection 149.1.(1) of the Registered Charities and the Income Tax Act and qualifies for tax-exempt status as a registered charity under paragraph 149(1)(f) of the act.
- CNEWA United States. CNEWA United States is incorporated under the provisions of Section 402 of the Not-For-Profit Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Code and is not a private foundation as described in Section 509(a) of the Code.

# (2) Summary of Significant Accounting Policies

#### (a) Basis of Presentation

The consolidated financial statements have been prepared on the accrual basis. All significant intercompany transactions have been eliminated in consolidation.

Net assets and revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of CNEWA and changes therein are classified and reported as follows:

Notes to Consolidated Financial Statements
December 31, 2008

(with comparative amounts as of and for the year ended December 31, 2007)

<u>Unrestricted net assets</u> - Net assets that are not subject to donor-imposed stipulations.

<u>Temporarily restricted net assets</u> - Net assets subject to donor-imposed stipulations that will be met either by actions of CNEWA or the passage of time.

<u>Permanently restricted net assets</u> - Net assets subject to donor-imposed stipulations that they be maintained permanently by CNEWA. Generally, the donors of these assets permit CNEWA to use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless their use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled or the designated time period has elapsed) are reported as net assets released from restrictions.

### (b) Contributions and Grants from Funding Agencies

Contributions and grants, including unconditional promises to give, if any, are recognized as revenues in the period received. Contributions receivable at December 31, 2008 were fully collected in 2009.

#### (c) Cash Equivalents

CNEWA considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents with the exception of cash and those short-term investments managed by CNEWA's investment managers for long-term investment purposes, and collateral account securing the Beirut office's microcredit project, which is included in investments.

#### (d) Investments

Investments are reported at fair value. Fair value for equities and fixed income securities is generally determined based on quoted market prices. The alternative investments, which are not readily marketable, are carried at estimated fair values as provided by the investment managers. CNEWA agrees with the valuation methods and assumptions used in determining the fair value of the alternative investments. Those estimated fair values may differ significantly from the values that would have been used had a ready market for these securities existed.

CNEWA has interpreted civil law to allow the spending of income and gains on investments of permanently restricted net assets, absent explicit donor stipulations that all or a portion of such gains be maintained in perpetuity. Civil law allows CNEWA to appropriate and spend such income and gains as is prudent, considering such factors as CNEWA's long- and short-term needs, present and anticipated financial requirements, expected total return on investments, price level trends and general economic conditions. Accordingly, such realized and unrealized gains and losses, as well as gains and losses on temporarily restricted net assets are reported as

Notes to Consolidated Financial Statements

(with comparative amounts as of and for the year ended December 31, 2007)

temporarily restricted or unrestricted based upon the presence or absence of donor stipulations as to their use.

### (e) Fair Value Hierarchy

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements, also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair market value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities that are traded in an active exchange market, as well as U.S. Treasury securities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quotes prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include debt securities with quoted market prices that are traded less frequently than exchange-traded instruments. This category generally includes certain U.S. Government and agency mortgage-backed debt securities, corporate-debt securities and alternative investments.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. This category generally includes certain private debt and equity instruments and alternative investments.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial asset. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial asset. Potential taxes and other expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

### (f) New Accounting Pronouncements

Adoption of Statement of Financial Accounting Standards (SFAS No. 157), Fair Value Measurements

Effective January 1, 2008, CNEWA adopted SFAS No. 157. SFAS No. 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This pronouncement does not require any new fair value measurements. In February 2008, the Financial Accounting Standards Board (FASB) issued FASB Staff Position (FSP) FAS 157-2, Effective Date of FASB statement No. 157, which defers the effective date of SFAS 157 for one year for nonfinancial assets and nonfinancial liabilities that are not disclosed at fair value in the financial statements on a recurring basis. The FSP did not defer the recognition and disclosure requirements for financial or nonfinancial assets and liabilities that are measured at least annually. In February 2008, CNEWA adopted FSP FAS 157-2. In October 2008, the FASB issued FSP FAS 157-3, Determining the Fair Value of a Financial Asset in a Market That Is Not Active. FSP FAS 157-3 was effective upon issuance, and applies to periods for which financial statements have not been issued. The FSP's guidance clarifies various application issues with respect to the objective of a fair value measurement, distressed transactions, relevance of observable data, and the use of management's assumptions, the effect of the adoption SFAS No. 157, FSP FAS 157-2 and 157-3 did not have a material effect on the changes in net assets or financial position of CNEWA.

Adoption of FASB Staff Position FAS 117-1 (FAS 117-1), Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and Enhanced Disclosures for all Endowment Funds

In August 2008, FAS 117-1 was issued, and its guidance is effective for fiscal years ending after December 15, 2008. A key component of FAS 117-1 is a requirement to classify the portion of a donor-restricted endowment fund that is not classified as permanently restricted net assets or as temporarily restricted net assets until appropriated for expenditure. FAS 117-1 also improves the disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds). New York State has not yet adopted UPMIFA; however, for the year ended December 31, 2008, CNEWA adopted the disclosure requirements of FAS 117-1.

#### (g) Recent Accounting Standards

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 addresses the accounting for uncertainties in income taxes recognized in an organization's financial statements and prescribes a threshold or more-likely-than-not for recognition and de-recognition of tax positions taken or expected to be taken in a tax return. FIN 48 also provides related guidance on measurement, classification, interest and penalties, and disclosures. CNEWA does not anticipate any significant impact to the organization's financial statements as a result of the adoption of FIN 48.

Notes to Consolidated Financial Statements
December 31, 2008

(with comparative amounts as of and for the year ended December 31, 2007)

#### (h) Fixed Assets

Fixed assets are capitalized at cost when purchased, or at fair value at the date of gift when donated. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

#### (i) End-of-Service Liabilities

End-of-service liabilities represent amounts accrued for employees of certain CNEWA offices payable upon separation from their office in compliance with CNEWA policy and local statutory requirements.

### (j) Functional Allocation of Expenses

The costs of providing the various programs and other activities of CNEWA have been summarized on a functional basis in the consolidated statement of activities. Accordingly, costs have been allocated among the programs and support services benefited.

#### (k) Split-Interest Agreements

CNEWA's split-interest agreements with donors consist primarily of charitable gift annuities and life income funds for which CNEWA serves as trustee. Split-interest related contribution revenue is recognized at the date the assets are received after recording liabilities for either (i) the present value of the estimated future payments to be made to the donors and/or other beneficiaries or (ii) the discount to present value for a term equal to the life expectancy of the donor for pooled life income fund gifts. These are adjusted annually for changes in the value of the assets, accretion of the discount, and other changes in the estimates of future benefits.

CNEWA is also the beneficiary of certain perpetual trusts and other split-interest agreements held and administered by others. The present value of the estimated future cash receipts from the trusts is recognized as an asset and as a contribution when CNEWA is notified the trusts have been established. Distributions from those trusts are recorded as investment income and the carrying value of the assets is adjusted annually for changes in the estimates of future cash receipts.

#### (l) Contributed Services

Support arising from contributed services of certain religious personnel has been recognized in the consolidated financial statements. The computation of the value of the contribution of these services represents the difference between the stipends and other amounts actually paid to or on behalf of these persons and the comparable compensation that normally would be paid to nonreligious personnel occupying these positions.

Notes to Consolidated Financial Statements
December 31, 2008

(with comparative amounts as of and for the year ended December 31, 2007)

#### (m) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### (n) Comparative Information

The 2008 consolidated statements of activities and functional expenses are presented with 2007 information in total but not by net asset class and functional classification, respectively. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with CNEWA's consolidated financial statements for the year ended December 31, 2007.

#### (o) Nonoperating Activities

All activity of CNEWA is recorded as operating activity, except for the acquisition of fixed assets, net of disposals, unrealized loss on investments, the change in value of the annuity obligations, as well as transfers between undesignated and designated unrestricted net assets categories, which are considered nonoperating activities.

### (3) Investments

Level 3 Assets

\$3,408,025

The following table presents a reconciliation for all Level 3 assets measured at fair market value for the period from January 1, 2008 to December 31, 2008:

Beginning balance January 1, 2008	\$ 3,714,585
Total net unrealized losses	(588,178)
Purchases	281.618

Ending balance December 31, 2008

Included in alternative investments are certain types of financial instruments including, among others, futures and forward contracts, options, and securities sold not yet purchased, intended to hedge against changes in the market value of investments. These financial instruments, which involve varying degrees of off-balance-sheet risk, may result in loss due to changes in the market (market risk).

Investments with a fair value of \$8,258,366 and \$8,471,325 including money market funds of \$767,927 and \$437,856 at December 31, 2008 and 2007, respectively, are maintained in segregated accounts in compliance with legislated reserve requirements for annuity contracts. In addition, cash in the amount of \$155,384 and \$179,195 held in accounts at the Bank of New York and accrued interest in the amount of \$52,177 and \$59,291 are segregated in the annuity fund at December 31, 2008 and 2007, respectively.

With respect to certain interests in alternative investments, CNEWA has committed to investing an additional \$212,675 should such an amount be required.

The components of investment return for the years ended December 31, 2008 and 2007 are as follows:

	<u>2008</u> <u>2007</u>
Interest and dividends	\$ 664,668 1,997,273

# (5) Pension Plan

Substantially all of CNEWA's New York office employees participate in the noncontributory pension and retirement plan of the Archdiocese of New York. Because this is a multiemployer plan, information as to vested and nonvested earned benefits as well as plan assets, as they relate to CNEWA employees, is not readily available. Pension expense for the years ended December 31, 2008 and 2007 was \$151,421 and \$131,008, respectively.

#### (6) Leased Facilities

CNEWA's New York offices lease space in New York from the Ecclesiastical Assistance Corporation (EAC). The agreement is renewable annually, with annual rent based on a percentage of square footage occupied by CNEWA times the total operating expenses of EAC. Rent expense for the years ended December 31, 2008 and 2007 was \$377,852 and \$332,969, respectively.

The CNEWA offices in Addis Ababa, Amman, Asmara, Ernakulam, Jerusalem, and Ottawa have lease agreements renewable on an annual basis. Rent expense under these agreements for the years ended December 31, 2008 and 2007 was \$91,791 and \$67,008, respectively.
