Independent Auditors' Report

Board of Trustees
Catholic Near East Welfare Association:

We have audited the accompanying consolidated statement of financial position of Catholic Near East Welfare Association (CNEWA) as of December 31, 2010, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended. These consolidated financial statements are the responsibility of CNEWA's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit. The prior year summarized comparative information has been derived from CNEWA's 2009 financial statements and, in our report dated July 15, 2010 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CNEWA's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Catholic Near East Welfare Association as of December 31, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The supplementary information included in Schedules 1 through 10 is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

Notes to Consolidated Financial Statements
December 31, 2010
(with comparative amounts as of and for the year ended December 31, 2009)

(1) Description of Organization

Catholic Near East Welfare Association (CNEWA) is a special agency of the Holy See established to support the pastoral mission and institutions of the Catholic churches of the East and to provide humanitarian and pastoral assistance to the needy and afflicted without regard to nationality, ethnicity, or religion. It also has been entrusted by the Holy Father with responsibility for promoting the union of the Catholic and Orthodox churches and for fostering interreligious dialogue.

Although one corporate entity according to the canon law of the Catholic Church, CNEWA is also organized into as many related civil corporations as appropriate or as may be required by the law of the various countries in which it conducts its operations. The financial statements reflect the consolidated accounts of the following related civil corporations:

- **Catholic Near East Welfare Association.** CNEWA is incorporated under the provisions of Article 2 of the Religious Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code) and is not a private foundation as described in Section 509(a) of the Code. Its financial statements include the accounts of its central office in Rome, its administrative headquarters office in New York, and its regional offices in Addis Ababa, Amman, Asmara, Beirut, and Jerusalem.
- **CNEWA Canada.** CNEWA Canada is incorporated under the provisions of Part II of the Canada Corporations Act, R.S.C. 1970, Chapter C-32, as amended. It has been determined by the Canada Customs and Revenue Agency that CNEWA Canada is a charitable organization as set out under subsection 149.1(1) of the Registered Charities and the Income Tax Act and qualifies for tax-exempt status as a registered charity under paragraph 149(1)(f) of the act.
- **CNEWA India.** CNEWA India is a public, religious and charitable trust registered in the Ernakulam sub registry office, Kerala State, of the Republic of India. It is registered as a religious trust under Section 12AA of the Income Tax Act, 1961, by the Commissioner of Income Tax, Kochi, and registered under Section 6(1)(a) of the Foreign Contribution (Regulation) Act, 1976, by the Ministry of Home Affairs.
- **CNEWA Italia.** The juridical personality of CNEWA Italia in the Republic of Italy was recognized and registered, n. 782/11, on March 25, 2011 in the Registro delle Persone Giuridiche at the Ufficio Territoriale del Governo – Prefettura di Roma.
- **CNEWA United States.** CNEWA United States is incorporated under the provisions of Section 402 of the Not-For-Profit Corporations Law of the State of New York. It has been classified by the U.S. Internal Revenue Service as exempt from federal income taxes under Section 501(c)(3) of the Code and is not a private foundation as described in Section 509(a) of the Code.

CNEWA recognizes the effects of income tax positions only if those positions are more likely than not of being sustained. Management annually reviews its tax positions and has determined that there are no material uncertain tax positions.

(2) Summary of Significant Accounting Policies

(a) *Basis of Presentation*

The consolidated financial statements have been prepared on the accrual basis. All significant intercompany transactions have been eliminated in consolidation. Net assets and revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of CNEWA and changes therein are classified and reported as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met either by actions of CNEWA or the passage of time.

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by CNEWA. Generally, the donors of these assets permit CNEWA to use all or part of the income earned on related investments for general or specific purposes.

Revenue is reported as increases in unrestricted net assets unless its use is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled or the designated time period has elapsed) are reported as net assets released from restrictions.

(b) *Cash Equivalents*

CNEWA considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents with the exception of cash and those short-term investments managed by CNEWA's investment managers for long-term investment purposes, and collateral accounts securing the Beirut office's microcredit project, which are included in investments.

(c) *Investments*

Investments are reported at fair value. Fair value for equities and fixed income securities is generally determined based on quoted market prices. The alternative investments, which are not readily marketable, are carried at estimated fair values as provided by the investment managers. CNEWA estimates the fair value for which there is not a readily determinable fair value using net asset value per share or its equivalent. In addition, classification of these investments within the fair value hierarchy is based on CNEWA's ability to timely redeem its interest rather than on valuation inputs. CNEWA agrees with the valuation methods and assumptions used in determining the fair value of the alternative investments. Those estimated

(with comparative amounts as of and for the year ended December 31, 2009)

fair values may differ significantly from the values that would have been used had a ready market for these securities existed.

With respect to endowment investments, CNEWA has interpreted NYPMIFA to allow the spending of income and gains on investments of permanently restricted net assets, absent explicit donor stipulations that all or a portion of such gains be maintained in perpetuity. Civil law allows CNEWA to appropriate and spend such income and gains as is prudent, considering such factors as CNEWA's long- and short-term needs, present and anticipated financial requirements, expected total return on investments, price level trends and general economic conditions. Accordingly, such income and gains and losses are reported as temporarily restricted net assets.

(d) Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. CNEWA classifies its financial assets and liabilities that are measured at fair value, into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quotes prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 also includes investments in alternative investments, for which CNEWA has the ability to redeem its investment on or near the date of the statement of financial position.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 includes investments in alternative investments that are not redeemable near the balance sheet date.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. In addition, the disclosed fair value may not be realized in the immediate settlement of the financial asset. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial asset. Potential taxes and other expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

Notes to Consolidated Financial Statements

December 31, 2010

(with comparative amounts as of and for the year ended December 31, 2009)

(e) Fixed Assets

Fixed assets are capitalized at cost when purchased, or at fair value at the date of gift when donated. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets.

(f) End-of-Service Liabilities

End-of-service liabilities represent amounts accrued for employees of certain CNEWA offices payable upon separation from their office in compliance with CNEWA policy and local statutory requirements.

(g) Split-Interest Agreements

CNEWA's split-interest agreements with donors consist primarily of charitable gift annuities and life income funds for which CNEWA serves as trustee. Split-interest Agreements are recognized as a liability at the date the assets are received. These are adjusted annually for changes in the value of the assets, accretion of the discount, and other changes in the estimates of future benefits.

CNEWA is also the beneficiary of certain perpetual trusts and other split-interest agreements held and administered by others. The present value of the estimated future cash receipts from the trusts is recognized as an asset and as a contribution when CNEWA is notified the trusts have been established. Distributions from those trusts are recorded as investment income and the carrying value of the assets is adjusted annually for changes in the estimates of future cash receipts.

(h) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management of CNEWA to make a number of estimates and assumptions relating to the reporting of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions. Management adjusts such estimates when facts and circumstances dictate. Significant items subject to such estimates and assumptions include the useful lives and valuation of fixed assets; allowances for doubtful receivables; valuation of investments and split-interest agreements; and reserves for employee end-of-service benefit obligations, uncertainties, and other contingencies. As future events and their effects cannot be determined with precision, actual results could differ from those estimates.

Notes to Consolidated Financial Statements

December 31, 2010

(with comparative amounts as of and for the year ended December 31, 2009)

(i) Contributions and Grants from Funding Agencies

Contributions and grants, including unconditional promises to give, if any, are recognized as revenue in the period received. Contributions receivable at December 31, 2010 were fully collected in 2011.

(j) Contributed Services

Support arising from contributed services of certain religious personnel has been recognized in the consolidated financial statements. The computation of the value of the contribution of these services represents the difference between the stipends and other amounts actually paid to or on behalf of these persons and the comparable compensation that normally would be paid to nonreligious personnel occupying these positions.

(k) Nonoperating Activities

All activity of CNEWA is recorded as operating activity, except for the acquisition of fixed assets, net of disposals, unrealized activity on investments, the change in value of the annuity obligations, as well as transfers between undesignated and designated unrestricted net assets categories, which are considered nonoperating activities.

(l) Comparative Information

The 2010 consolidated statements of activities and functional expenses are presented with 2009 information in total but not by net asset class and functional classification, respectively. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. generally accepted accounting principles. Accordingly, such information should be read in conjunction with CNEWA's consolidated financial statements for the year ended December 31, 2009.

(m) Functional Allocation of Expenses

The costs of providing the various programs and other activities of CNEWA have been summarized on a functional basis in the consolidated statement of activities. Accordingly, costs have been allocated among the programs and support services benefited.

(n) Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year.

- (a) The majority of the capital invested in the category is typically allocated to merger and credit strategies, though the mix can vary widely. Special situation strategies typically constitute a minority of invested capital.
- (b) This category includes investments in managers who further allocate capital to a select group of experienced hedge fund managers who provide diverse investment strategies. The investment process involves manager identification, due diligence, portfolio construction, risk management and monitoring and review. Portfolio construction is a qualitative and quantitative process.
- (c) This category includes investments in hedge funds that invest both long and short primarily in U.S. companies with market capitalizations under \$2.5 billion. The manager generally maintains a minimum short position of 30 percent of the invested long position.
- (d) This category includes investment in managers who seek to achieve superior returns through investments in the securities of issuers that are the subject of cash tender offers, cash mergers, stock mergers, acquisition attempts, exchange offers, or to a lesser extent, other forms of corporate reorganizations. Portfolios typically consist of 70% U.S., 20% Canadian and 10% European positions while avoiding emerging markets. Total net exposure must be less than 100% of the fund's net asset value.
- (e) This category includes investments in hedge funds that are currently in liquidation.
- (f) This category includes investments in fund of fund managers who seek to invest in a diversified portfolio of private equity managers. The managers may also make direct equity investments not to exceed 30% of committed capital.
- (g) This category includes investments in international real estate private equity managers who seek to invest in a diversified portfolio of international commercial real estate assets, real estate operating companies, distressed or undervalued credits and high-yield structures.

(6) Note Payable

On July 1, 2010, CNEWA entered into an agreement with the Parish Assistance Corporation, for a loan in the amount of \$4,000,000 with a fixed interest rate of 5% for 30 years, to July 1, 2040. The purpose of this loan was to provide a residence for certain religious personnel. The loan is secured by the property purchased. Loan payments of principal and interest are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2010	\$ 29,587	\$ 77,778	\$ 107,365
2011	54,900	202,774	257,674

	<u>\$ 4,000,000</u>	<u>\$ 3,730,230</u>	<u>\$ 7,730,230</u>

(7) Pension Plan

Substantially all of CNEWA's New York office employees participate in the noncontributory pension and retirement plan of the Archdiocese of New York. Because this is a multi-employer plan, information as to vested and nonvested earned benefits as well as plan assets, as they relate to CNEWA employees, is not readily available. Pension expense for the years ended December 31, 2010 and 2009 was \$186,217 and \$184,687, respectively.

(8) Leased Facilities

CNEWA's New York offices lease space in New York from the Ecclesiastical Assistance Corporation (EAC). The agreement is renewable annually, with annual rent based on a percentage of square footage occupied by CNEWA times the total operating expenses of EAC. Rent expense for the years ended December 31, 2010 and 2009 was \$326,281 and \$389,239, respectively.

The CNEWA offices in Addis Ababa, Amman, Asmara, Ernakulam, Jerusalem, and Ottawa have lease agreements renewable on an annual basis. Rent expense under these agreements for the years ended December 31, 2010 and 2009 was \$83,865 and \$65,964, respectively.

(9) Net Assets

Unrestricted net assets. CNEWA's unrestricted undesignated net assets are utilized for general operations. At December 31, 2010 and 2009 these unrestricted undesignated net assets consisted of the following:

	<u>2010</u>	<u>2009</u>
Current funds	\$ 2,456,390	\$ 2,969,786
Annuity reserve funds	2,058,414	1,762,669
Pooled income funds	<u>28,739</u>	<u>39,874</u>
	<u>\$ 4,543,543</u>	<u>\$ 4,772,329</u>

CNEWA's Board of Trustees has designated certain unrestricted net assets to function as endowments, which are adjusted periodically for inflation. Income earned on these net assets may be expended for the purposes designated by the Board of Trustees. At December 31, 2010 and 2009, these designated net assets consisted of the following:

	<u>2010</u>	<u>2009</u>
Family and needy child assistance funds	\$ 2,771,178	\$ 2,002,442
Novice and professed religious formation funds	1,477,611	1,067,968

Permanently restricted net assets. CNEWA invests and manages a variety of permanent endowment funds in accordance with the instructions of the original donor or receives contributions from permanent endowment trust managed by others. These investments are held in perpetuity, the income from which is temporarily restricted for specific purposes and until appropriated for expenditure. At December 31, 2010 and 2009, these permanently restricted net assets consisted of the following:

	<u>2010</u>	<u>2009</u>

(10) Endowment Funds

CNEWA's endowment funds include both donor-established endowment funds and funds designated by the board of trustees to be held as endowments. As required by GAAP, net assets associated with endowment funds, including funds designated by the board of trustees to be held as endowments, are classified and reported based on the existence or absence of donor imposed restrictions.

CNEWA classifies as permanently restricted net assets (a) the original value of gifts constituting to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the directives of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the permanently restricted endowment fund is classified as temporarily restricted net assets until appropriated for expenditure.

Annual spending authorizations from endowment funds are based on individual fund policies. The calculation is performed and the withdrawal request is proposed to the President.

The goal of CNEWA's endowment investment management is to maximize long-term total return through a combination of income and capital appreciation in a prudent manner consistent with sound investment practice. To achieve this goal, the endowment portfolio is divided into growth and fixed income components.

In 2010, CNEWA adopted the New York Prudent Management of Institutional Funds Act (NYPMIFA). In accordance with the provisions of NYPMIFA, the remaining portion of the donor-restricted endowment funds that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure in a manner consistent with the standard of prudence prescribed by NYPMIFA, and in accordance with the disclosure provisions set forth by ASC 958-205, *Not-for-Profit Entities*.

The following table presents the changes in the CNEWA's donor-established restricted endowment funds and funds designated by the board of trustees to be held as endowments for the years ended December 31, 2010 and 2009:

<u>2010</u>	<u>Unrestricted</u>	<u>Temporarily restricted</u>	<u>Permanently restricted</u>	<u>Total</u>
